

Check on MiVet Form

At MVAA, we believe proactive and periodic communications and "check-ins" with veterans can change lives for the better. Benefits and resources change. Different initiatives and programs start, and sometimes end. A veteran's status changes from employment status, to student status, to quality of life status, and everything in between. We believe veterans can benefit from "check-ins" from MVAA or one of our partner organizations. The "Check on MiVet" initiative aims to reach veterans who desire or could benefit from a "check-in," to ensure they receive the employment, education, healthcare, quality of life, or other benefit/resource information they need to *thrive*.

If you are a veteran, or have a family member, friend or neighbor who is a veteran that may benefit from a "check-in", we want to ensure they are aware of resources and benefits available to them. Please select an option:

I have served in the National Guard, Reserve, or Active forces, and am requesting a "check-in" for myself.
